

Quilt Challenge 2025

- Create a quilt that is 50" x 50" or less in size.
- Find an orphan block, vintage embroidery or machine embroidery to use as the center. Vintage hankies would work also! You could also use an applique block if you like.
- Create a crazy quilt block around your center. Here is a link to the video that inspired me!

**Crazy Quilting to make a 20.5 inch block
by MerryMabelMarket**

- Be creative. Add fancy stitching on your crazy quilt or embroidery.
- Add embellishments if you like! Beads, buttons or silk flowers for example.
- You can have more than one crazy quilt block in your quilt.
- Add borders or other blocks if you like.
- Quilt must have at least one crazy quilt block. Size of block doesn't matter!
- Color doesn't matter.
- Present by Aug 11th meeting 2025.

Here is an example block I made from a vintage hand embroidery block. The completed block is 20" sq. I used fat quarters (Thank you Teresa!) and other scrap I had. It took about 30 minutes to make and it was a lot of fun!
